

All Head Start parents may borrow books from the Lending Library through Miss Alice in the Media Center (Room 7) upstairs. A list of books is on the Head Start website and also located in a binder in the Parent Room.

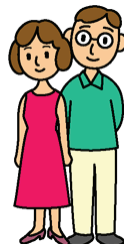

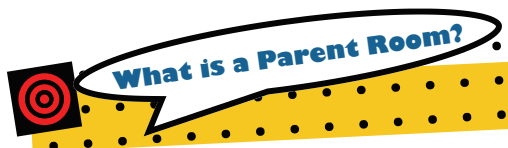

There are books for

Dads! Moms! Families!

To see more about the Head Start program and all it has to offer YOU, please visit the Head Start website at:

www.pochs.org

Check the website for the calendar, program information, and GREAT links to resources for your family!

What is a Parent Room?

The Head Start Parent Room

▶ A resource for every parent of a Head Start child!

Room 8 at the Lincoln Early Childhood Center

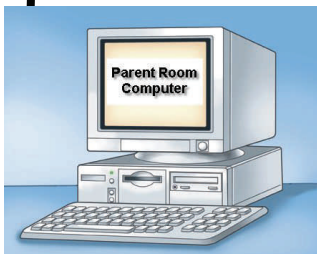

What is a Parent Room?

The Parent Room is for YOU!

The Parent Room is upstairs at the Lincoln Center in Room 10. ALL parents of a Head Start child are encouraged to use this room for their needs.

There is a refrigerator, microwave, playpen, highchair, sofa, rocking chairs, table & chairs, and lots of toys and books in this room. This room also has a television with a VCR. The sink has both hot & cold water — great for making a quick bottle for your baby if you need to!

Some parents watch the children of other parents while they spend time in the classroom volunteering— then the parents trade places so the other parent can spend time in the classroom. This has been a nice way for parents to help each other be able to be in the classroom with their child. (the time you spend watching children counts as volunteer time too!)

Other uses for the Parent Room

The Parent Room also has a computer with Internet Access that parents may use. If you wish to do this, please check with Miss Linda in the office first so you can be certain to be aware of the policies we must observe for the School District. There is also a printer— you may ask Miss Linda in the office for any paper you need for the printer.

TV & VCR Use

The television has limited access to local channels. If you wish to use a Head Start video, please let Miss Alice in room 7 know and she will help you check one out for use in the Parent Room. Videos are not to leave the Parent Room and must be returned to Miss Alice when you are finished with them.

NURSING

MOTHERS

There are comfortable rocking chairs located in the rear of the Parent Room for mothers who wish to nurse their babies while at the center.

USE OF TOYS & BOOKS

When you and your child use the books and toys in the Parent Room, you are responsible to put them back where they belong when you leave. Please look for labels on shelves & containers to help you find the places toys belong. Policy & Procedure for this room is posted for your convenience.

Thank you so much!
